The Forza **FX Series** offers an enhanced level of protection specially designed for your high performance office equipment like servers, sensitive electronics and home theater components.

FEATURES

- LCD displays real time status information
- Easy to read LCD visual display with bright blue back light
- Power protection for home and office equipment
- Boost & buck AVR to stabilize voltage
- 6 outlets - four (4) with surge protection, battery backup and AVR, plus two (2) surge only outlets
- Network, phone, fax & modem protection (RJ-45)
- USB communication port
- Long back up time
- Power management software CD
- 660-Joule surge rating
- Coaxial protection

Designed for
Home Theater / Server & Network

Security by
**Norton**
from symantec

Turn it on. Keep it on.

LCD DISPLAY

The Forza **FX-2200LCD-C** comes equipped with an easy to read LCD and a blue backlight that displays the battery status, input voltage, output voltage, and operation mode of the UPS.

- Battery Mode Indicator
- AC Mode Indicator
- Input Information
- Battery Capacity
- Load Level
- Output Information

POWER PROTECTION

- Coaxial lines
- USB data port
- Network, telephone, fax & modem protection
- User resettable circuit breaker
- AC Power Connector
- 4 outlets with surge protection, battery backup and automatic voltage regulation (AVR)
- 2-surge only outlets

2200VA
Battery Backup
Automatic Voltage Regulator
660 Joules Surge Protection

NOW PROTECT IT ALL...

Connect your digital satellite system (DSS), CATV, cable modem or antenna to the coaxial line in the UPS to prevent surges over this connection.

Now you can feel safe and protected connecting your home or business electronics to the "Surge only" outlets.

Data-line protection jacks to connect network/phone/fax devices and keep communicating safely.

Provide a conditioner and uninterrupted power to your entertainment system or PC with automatic voltage regulator (AVR), surge protection and battery backup "Outlets".

FEATURES		FX-2200LCD-C
CAPACITY		2200VA/1200W
INPUT	Nominal voltage	220/230/240 VCA
	Voltage range	166 - 280 VCA
	Frequency range	50/60Hz
OUTPUT	Voltage regulation	+ / - 10% (battery mode)
	Frequency regulation	+ / - 1 Hz (battery mode)
	Frequency range	45.0Hz ~ 55.0Hz
	Output Waveform	Stepped sine wave
TRANSFER TIME	Typical	4-8ms
BATTERY	Battery Type	12V/7.9Ah x2pcs
	Back-up time*	45 minutes*
	Recharge time	6-hours to 90% after complete discharge
BATTERY	Back-up mode	Sounds every 10 seconds
AUDIBLE ALARM	Low battery	Sounds once every second
	Overload	Sounds every 0.5 second
	Battery replacement	Sounds every 2 seconds
	Fault	Sounds continuously
PROTECTION	Full protection	Discharge, overcharge, short-circuit, and overload protection
PHYSICAL FEATURES	Dimensions DxWxH(mm)	400 x 145 x 205
	Net Weight	10.8 kg
ENVIRONMENT	Operating environment	0- 40°C, 0-90 % relative humidity (non-condensing)
	Noise level	Less than 40dB
INTERFACE	USB port	Windows® 9 /XP/Vista/7, MAC OS, Linux
INDICATOR	LCD screen	The LED remains on during normal operation of the UPS, including in charging and fault modes
