

This Forza Home/Office Surge Protector provides reliable protection to guard all your appliances and electronic equipment from electrical surges and spikes. Featuring eight standard outlets, and two outlets specially designed to accommodate bulky plugs or adapters, this surge protector is versatile and convenient. The built-in child safety-outlet covers safely seal off unused outlets. And that is not all, your frustrations are now over thanks to another great Forza innovation: the on/off switch now comes with a clear protective lid, to prevent accidental trigger or disconnection of the unit.

FEATURES

- Grounds AC power through 10 surge-protected outlets
- Clear switch lid snaps tight to prevent accidental trigger or shutoff
- LED Protection Indicator
- LED Ground Indicator
- Overload resettable circuit breaker
- Nema 5-15 Receptacles
- Can be mounted on the wall

MODEL	FEATURES	FSP-10NN
GENERAL	Power protection type	10 outlet surge protector
	Electrical rating	1800W
	Surge protection I _{max}	18000A
	Maximum spike current (total)	30000A
	Color	Black
INPUT	Input range	120/240V AC
	Frequency range	50/60Hz-Auto Sensing
	Input connector	Nema 5-15 P
	Surge energy rating	1080 Joules
	Cord length	5 Ft / 1.5 m
OUTPUT	Receptacle contact type	Nema 5-15 R x 10
	Frequency range	50/60Hz-Auto Sensing
	Overload protection breaker	Yes
LED INDICATORS	Protection indicator	Blue
	Ground indicator	Blue
