

This wall tap is designed to plug in numerous devices in one location. A built-in nightlight with photosensor automatically turns on after dark to provide dusk-to-dawn illumination. This low-profile power multiplier is easy to install and fits into tight spaces. Specially designed for home and office applications.

Highlights

- Wall-mount AC power for multiple devices
- Safely converts a single wall outlet into three grounded outlets
- Nightlight with sensor
- Overload protection
- Electrical rating of 15A/125VAC/50Hz/60Hz/1875W
