

The Forza FSP-806 Surge Protector provides reliable protection from surges, spikes and lightning strikes to guard your electrical equipment, tools and sensitive electronics. Its heavy-duty metal housing makes it ideal for use in workshops and garages, while the extra spacing between the sockets allows to easily accommodate bulky plugs or adapters. Convenient and highly functional, this surge protector also features perfect-fit outlets, which prevent plugs from becoming loose or slipping off the socket accidentally.

Highlights

- Heavy-duty, impact-resistant metal construction
- Grounds AC power through 6 -protected outlets
- Superior protection with 1200-joule surge suppression
- Perfect-fit outlets
- ETL and NOM certified
- Lighted on/off switch
- 3ft, 14 AWG cord
- Cable organizer
- Can be mounted on the wall
