Range Extender

Roam freely, without losing touch

Overview

Nexxt Solutions **Kronos300** universal repeater has been designed to accommodate wireless transmission speeds up to 300Mbps with expanded coverage for indoor applications. The wall-plug range extender design allows this access point to be conveniently placed in open spaces without the need of hiding wires or placing on a table top. The one-button setup feature easily integrates the repeater with current working networks without any interruptions. This repeater is equipped to retransmit an existing 802.11b/g/n signal across a wider area, so as to extend your internet access well beyond any standard Wi-Fi device. By providing a solid and reliable connection, this universal repeater is ideal solution to eliminate dead spots and to reduce roaming between access points within your network.

Features

- Universal range extender
- Wall plug design
- Wireless speeds up to 300Mbps
- Push and connect instantly
- Optimal coverage
- Wi-Fi LED signal strength indicator
- Network bridge for wired connection
- Five-year limited warranty

Technical specifications

MPN	AEIEL304U1
Hardware features	
Standards	2.4GHz: IEEE802.11n, IEEE802.11g, IEEE 802.11b; IEEE802.3/3u
Plug type	NEMA 5-15P
Ports and interface	One 10/100M LAN port
Antennas	Two internal, 3dBi
Wireless features	
Wireless rate	Up to 300Mbps
Frequency	2.4GHz
Radio data rate	IEEE 802.11n: up to 300Mbps IEEE 802.11g: up to 54Mbps IEEE 802.11b: up to 11Mbps
Security	Wireless access control Wireless security: Enable/Disable WEP, WPA-PSK/WPA2-PSK, WPA-PSK, WPA2-PSK
Working mode	Wireless AP, universal repeater, WPS bridge
Wireless function	Enable/Disable wireless radio Enable/Disable SSID broadcast Domain login function
Physical appearance	
Housing	PC plastic
Color	White
Product dimensions	4.3x2.2x1.5in
Product weight	0.2lb
Additional information	
Power	100-240V 50/60Hz
Certificates	FCC
Warranty	Five years
